BUSINESS STATUS

- Small Business

CAPABILITY STATEMENT

THE RIGHT PEOPLE, SOLVING PROBLEMS WITH PURPOSE AND PASSION

MISSION

Help government teams work faster and smarter by improving the tools they already use—without retraining chaos or system overhauls.

CORE COMPETENCIES

We specialize in modernizing government internal tools using Microsoft technologies—designed around how people actually work.

- UX & User-Centered Design for Government Systems
- SharePoint Online Architecture, Design & Modernization
- Power Apps (Canvas & Model-Driven) Development
- Power Automate Workflow Design & Optimization
- Business Analysis & Requirements Translation
- UI / Graphic Design for Internal Applications
- Stakeholder Engagement & Adoption Support

DIFFERENTIATORS

- 15+ Years Federal Consulting Experience – Owner-led delivery with deep understanding of government environments
- Large Integrator Experience – Prior experience supporting Booz Allen Hamilton-led federal engagements
- UX-First Delivery Model – Focused on adoption, usability, and measurable impact
- Microsoft Ecosystem Specialists – SharePoint and Power Platform expertise
- Clear Communication – Bridge between program, business, and IT teams
- Flexible Staffing Model – Scale expertise without contract risk

PAST PERFORMANCE

- Provided UX design, SharePoint modernization, and Power Platform support for federal programs
- Improved usability and workflow efficiency for internal government systems
- Delivered business analysis and stakeholder collaboration to translate operational needs into technical solutions
